

KPGA Student Research Support Scheme 2024

On behalf of the Kerala Pharmacy Graduates Association (KPGA), We are writing to formally invite the students to apply for the KPGA Student Research Support Scheme 2024. Our objective through this is to provide resources and support to pharmacy students and graduates, and we firmly believe that this Student Research Support Scheme will play a significant role in advancing our mission.

The Student Research Support Scheme is open to all pharmacy colleges in Kerala, catering to students pursuing B.Pharm, M.Pharm, and Pharm.D courses. We kindly request your esteemed institution to encourage eligible students to submit high-quality projects for consideration to avail the students' project fund. It is important to note that the proposed projects **should not be** part of the curriculum or intended for submission to any universities or statutory bodies. Instead, they should exhibit novelty and demonstrate the potential to deliver beneficial outcomes to the community.

KPGA is committed to funding projects that are well-conceived, feasible, and have the potential to create a significant impact. This year, the maximum funding available per project is INR 5000.

To apply for Student Research Support Scheme, interested students are requested to visit our official website at www.kpga.in. On the website, they can access the necessary application forms, which must be duly filled in and scanned. The completed application forms should be submitted via email to kpgastudentfund@gmail.com on or before 5th May 2024

Should you have any questions or require further information, please do not hesitate to contact our Student Research Support Scheme Committee at the above-mentioned email address.

Thank you for your support.
